BLUEBERRY

CITRUS

PEACH

ORNAMENTALS

VEGETABLES

Circle type of entry above. (One form must be filled out for **each** entry into any of the above departments)

Date project started: \_\_\_\_\_

1. Why did you select this plant(s) for your project(s)? \_\_\_\_\_

\_\_\_\_\_

2. What did you enjoy most about the project? \_\_\_\_\_

\_\_\_\_\_

3. What was your least favorite part about the project? \_\_\_\_\_

\_\_\_\_\_

4. Name **one** fact/skill that you learned by growing this plant(s). \_\_\_\_\_

\_\_\_\_\_

Calculate the total cost of the project. Remember to include the cost of the plants and/or seeds, container costs, soil costs, fertilizer and/or chemical costs. Your project may have only a few of these costs or could include all of these costs as it differs from project to project. List each cost separately and then add together for the total cost of the project.

TOTAL COST (Break-even price): \$ \_\_\_\_\_

(Please write any special notes or comments related to the project on the back of this sheet.)
