Journal of Important Dates

It is important to keep notes or a journal to help you with future decisions. The purpose of this page is for you recognize what is important in your Project and have a record of it so that information for the future. Include such things as days weighed visits from your advisor /leader, and important dates that pertain to the Show/said. Also dates that you make significant decisions or changes in your Project such as started exercising or started diet. You should record any information that will be helpful in evaluating your project.

You may add additional page if needed. This record book should be completed to the best of your ability. It should be used as a reference for future projects. The best way to learn in life is from your mistakes, accomplishments and experiences.

Written Story

Write a story telling about your experiences raising your pig. Include things you have learned and what you might do differently in the future.

Pictures of Your Project

Your pictures should show the growth of your project from start to finish. There should be at least five pictures. Each needs to have a date and a caption and be in chronological order.
